

Hartford Aviation Group, Inc.

Aircraft Engine Leasing

ENGINE LEASING

Our lease programs include long and short term operating leases, power by the hour and off balance sheet synthetic leases. Our investment and strict asset management strategies enable us to offer our clients the most competitive lease rates with reasonable, operator friendly return conditions.

ABOUT US

Based in the central business district of the capitol city of Hartford, Connecticut, Hartford Aviation Group, Inc. has been serving the commercial aviation industry since 1985.

Our customers include flight test operators, major foreign and US passenger airlines and freight operators, VIP operators and NASA. Our primary focus is supplying lease engines for use on wide-body, long haul aircraft.
